

THE ROYAL COLLEGE
OF NEUROLOGICAL SURGEONS
OF THAILAND

สถาบันประสาทวิทยา
PRASAT NEUROLOGICAL INSTITUTE
PRASAT NEUROLOGICAL INSTITUTE

World Federation of
Skull Base Societies

BANGKOK
INTERIM MEETING 2018

CADAVERIC DEMONSTRATIONS
AND HONORARY LECTURES

NEUROSURGEONS AND
NEUROSURGICAL RESIDENTS

6-8 December 2018

at Prasat Neurological Institute , Bangkok, Thailand.

WORLD FEDERATION OF
SKULL BASE SOCIETIES

WORLD FEDERATION OF
NEUROSURGICAL SOCIETIES

Patron :

Director: Prasat Neurological Institute

- Dr. Pairat Saengdith, M.D.

President of Royal College Neurological Surgeons of Thailand

- Dr. Siraruj sakoolnamarka, M.D.

Organization Committee :

Course Directors:

- Dr. Kullapat Veerasarn, M.D.
- Dr. Wuttipong Tirakotai, M.D.
- Prof. Luis Borba, M.D.
- Prof. Albert Sufianov, M.D.

Scientific advisor:

- Dr. Anusak Liengudom, M.D.

Chairman - Scientific program

- Dr. Prasert Iampreechakul, M.D.

Chairman - Social Program

- Dr. Porn Narischat, M.D.

Chairman - Workshop

- Dr. Pongwat Polpong, M.D.

Chairman - Organizing Issues

- Dr. Korrapak Wangtanaphat, M.D.

Member of organizing committee :

- Dr. Teeradej Srikijvilaikul, M.D.
- Dr. Teera Tangviriyapiboon, M.D.
- Dr. Sarunya Yuthagovit, M.D.
- Dr. Varisa Wongbhanuwich, M.D.
- Dr. Ake Hansasuta, M.D.
- Dr. Boonsam Roongpuvapaht, M.D.
- Dr. Kangsadam Tanjararak, M.D.
- Dr. Navarat Tangbunrungham, M.D.
- Dr. Jiraporn Suwansunya, M.D.
- Dr. Kittichai Mongkolkul, M.D.

Technical Support Team :

- Dr. Pacharapim Masaya-anon, M.D.
- Mr. Sompoch Wongrattanawin
- Mrs. Nipa Pochinkorn
- Mr. Nitikorn Saengchote
- Mr. Peera Pluemthanorn

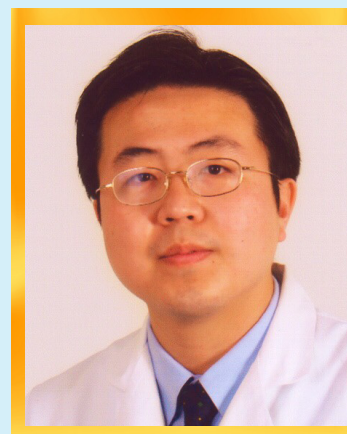

Workshop Support Team :

- Mrs. Anchoen Chailorath
- Ms. Samornphan Traiputorn
- Ms. Siriporn Jirataweelarp

Registration, Transfer, Accommodation :

- Ms. Yuwaporn Phonrak
- Mr. Kosol Yongyuktorn
- Ms. Patchareerat Horsakulsuwan
- Mr. Krissada Charoenwuttikajorn

Course Director

Dr. Wuttipong Tirakotai

Neurosurgeon
Department of Neurosurgery
Prasat Neurological Institute
Bangkok, Thailand

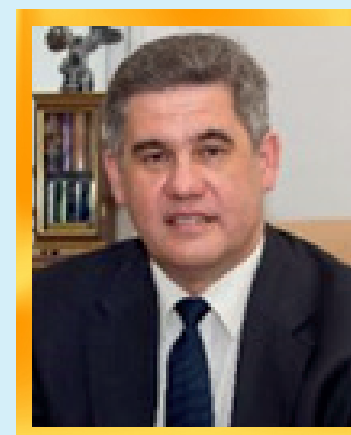

Dr. Kullapat Veerasarn

Neurosurgeon
Department of Neurosurgery
Prasat Neurological Institute
Bangkok, Thailand

Luis A. B. Borba

Professor & Chairman
Department of Neurosurgery
Federal University of Parana
Curitiba, PR – Brazil

Albert Sufianov

Professor & Director
Federal Center of Neurosurgery
Tyumen – Russia

Ang Beng Ti Christopher

Unit Head & Senior Consultant
Department of Neurosurgery
National Neuroscience Institute
Singapore

Apio Antunes

Head of Neurosurgical Unit, University Hospital
Associate Professor of Neurosurgery
Porto Alegre Medical School
Porto Alegre, RS - Brazil

Doo-Sik Kong

Associate Professor
Department of Neurosurgery,
Samsung Medical Center
Sungkyunkwan University School of Medicine
Seoul, Korea

Eka J. Wahjoepramono

Dean, Professor and Chairman.
Dept. Neurosurgery
Pelita Harapan Medical School
Siloam Hospitals
Jakarta, Indonesia

Arturo Ayala Arcipreste

Skull Base and Neurovascular Surgery
Neurosurgery Department
Hospital Juárez de México
Mexico city - Mexico

Aziz Rassi Neto

Neurosurgeon
Hospital Santa Catarina
São Paulo, SP, Brazil

Gerardo Guinto

Professor of Neurosurgery
Centro Neurológico ABC in Mexico City
Mexico City - Mexico

Gerardo D. Legaspi

Director
Philippine General Hospital
Metro Manila, Philippines

Benedicto Oscar Colli

Professor of Neurosurgery
Department of Surgery
Ribeirao Preto Medical School
University of Sao Paulo
Ribeirao Preto, SP - Brazil

Dr. Chiung-Chyi Shen

Deputy Chief of Neurological Institute
Head of Department of Neurosurgery
Taichung Veterans General Hospital Taiwan

Dr. Regunath Kandasamy

Medical Lecturer
Consultant Neurosurgeon
Universiti Sains Malaysia
Pulau Pinang, Malaysia

Iype Cherian

Professor and Chief
Department of Neurosurgery
College of Medical Sciences
Bharatpur, Chitwan, Nepal

Jamil Rzaev

Physician in Chief
Federal Neurosurgical Center,
Novosibirsk, Russia

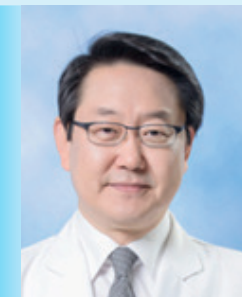

Jean G. de Oliveira

Professor of Neurosurgery
Centre of Neurology and Neurosurgery Associates
Hospital Beneficencia Portuguesa de Sao Paulo
Sao Paulo, SP – Brazil

Kresmir Rotim

Professor of Neurosurgery & Chairman
Department of Neurosurgery,
University Clinical Centre
Sisters of Mercy, Vinogradska 29
10 000 Zagreb, Croatia
President of South East European
Neurosurgical Society

Kyu Sung Lee

Professor, Department of Neurosurgery
Gangnam Severance Hospital,
Yonsei University Health System
Seoul, Korea

Jorge L. Amorim Correa

Department of Neurosurgery
Coordinator of the Neurosurgery Residency Program
Hospital de Força Aérea do Galeão
Rio de Janeiro, RJ – Brazil

Kaith Almefty

Assitant Professor
Department of Neurosurgery
Barrow Neurological Institute
Phoenix, AZ – USA

Luciano Mastronardi

Chief of Neurosurgical Division
San Filippo Neri Hospital
Rome, Italy

Marcio S. Rassi

Assistant Professor of Neurosurgery
Evangelic University Hospital of Curitiba
School of Medicine of Faculdade Evangelica do Parana
Curitiba, PR - Brazil

Dr. Katsumi Takizawa

Director
Department of Neurosurgery
Asahikawa Red Cross Hospital
Asahikawa, Japan

Kenichi Oyama

Assoicate Professor
Department of Neurosurgery
Teikyo University School of Medicine
Tokyo, Japan

Martin Sames

Professor and Chairman
Department of Neurosurgery
Masaryk Hospital, J.E.Purkinje University
Usti Nad Labem, Czech Republic

Narayanan Janakiram

Skull Base Surgeon
Royal Pearl Hospital
Trichy, India

Paulo A. S. Kadri

Professor of Neurosurgery
Federal University of Mato Grosso do Sul
Campo Grande, MS – Brazil

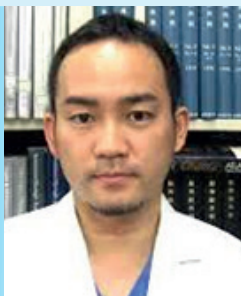

Roman Bosnjak

Professor & Chairman
Department of Neurosurgery
University Medical Center, Ljubljana, Slovenia

Sampath Chandra Prasad Rao

Consultant Otolaryngology
Head & Neck Surgeon
Department of Skull Base Surgery
Columbia Asia Hospital
Bangalore, India

Shunya Hanakita

Assistant Professor
Department of Neurosurgery
The University of Tokyo
Tokyo, Japan

Tetsuro Sameshima

Associate Professor
Department of Neurosurgery
Hamamatsu University School of Medicine
Hamamatsu, Japan

Tomislav Sajko

Assistant Professor
Secretary of South East European
Neurosurgical Society
Croatia

Tang Jie

Associate Professor
Department of Neurosurgery
Beijing Tian Tan Hospital
Capital Medical University
Beijing, P R China

Tao Hong

Prof and Chair
Dept. of Neurosurgery
The First Affiliated Hospital of
Nanchang University
China

SCHEDULE

6 December 2018

8:00-8:30 Registration
8:30-9:00 Opening
9:00-9:30 When Why do we need skull base surgical approaches?

Theme : Microsurgical / Endoscopic Approaches to Anterior Cranial Fossa (Indication/Limitation/Complication)

9:30-9:40 Pterional craniotomy
9:40-9:50 Cranio-orbitozygomatic
9:50-10:00 Transcranial to cavernous sinus
10:00-10:10 Endoscopic approach to anterior cranial fossa
10:10-10:20 Endoscopic approach to sellar region
10:20-10:30 Endoscopic approach to cavernous sinus
10:30-10:50 Break
10:50-11:10 Case Discussion

Theme : Pituitary Tumor

11:10-11:20 Transcranial approach to giant/invasive pituitary tumor
11:20-11:30 Endoscopic approach to pituitary tumor
Theme: Petrous Apex lesions
11:30-11:40 Microsurgical approach to petrous apex
11:40-11:50 Endoscopic approach to the petrous apex
11:50-13:00 Lunch

Theme: Orbit

13:00-13:10 Microsurgical approach to orbit
13:10-13:20 Lateral orbital approach
13:20-13:30 Endoscopic transnasal approach to orbital lesion
13:30-13:40 Endoscopic transorbital approach to orbit
Free Papers / Interesting topics
13:40-13:55 Management of Clival Chordoma
13:55-14:10 Paraclinoid Aneurysm
14:10-14:25 Clinoid Meningioma
14:25-14:40 Cranio-pharyngioma: Microsurgical approach
14:40-14:55 Cranio-pharyngioma: Endoscopic approach
14:55-15:10 Keyhole approach
15:10-15:30 Break
15:30-15:45 Petroclival Meningioma
15:45-16:00 Petroclival Meningioma
16:00-16:15 Olfactory Groove Meningioma
16:15-16:30 Olfactory Groove Meningioma (Endo)
16:30-16:45 Enplaque Meningioma
16:45-17:00 Tentorial Meningioma
17:00-17:15 Fiber dissection and glioma surgery

7 December 2018

Hands on by instructor
Morning Session Cranio-orbitozygomatic
8:30-12:30 Anterior clinoidectomy
Cavernous peeling
Anterior transpetrosal
Posterior transpetrosal
Translabrythine approach
Far lateral approach
Approach to jugular foramen
Afternoon Sessions Endonasal anatomy/ steps
13:30-17:30 Endoscopic approach to the sellar and anterior cranial fossa
Endoscopic approach to the clivus and petrous apex
Approach to the cavernous sinus
Transpterygoid approach
Transorbital approach
Transcribiform approach
Closure technique
Approach to condyle and jugular foramen
CCJ midline approach: Odontoid resection

8 December 2018

9:00-9:10 Microsurgical approach to petroclival lesions
9:10-9:20 Presigmoid approach
9:20-9:30 Retrosigmoid approach
9:30-9:40 Endoscopic approach through transmastoid
9:40-10:00 Case Discussion
10:00-10:10 Surgical approach to jugular foramen
10:10-10:20 Transcondylar approach
10:20-10:30 Microsurgery to craniocervical junction
Break
10:50-11:00 Craniocervical fixation
11:00-11:10 Endoscopic approach to jugular foramen
11:10-11:20 Endoscopic approach to craniocervical junction
11:20-11:30 Foramen magnum meningioma
11:30-11:40 Approach to brainstem lesions
11:40-12:00 Case Discussion
12:00-13:00 Lunch
13:00-13:15 Vestibular schwannoma
13:15-13:30 Translabrythine approach for vestibular schwannoma
13:30-13:45 Middle fossa approach
13:45-14:00 Facial reanimation for better QoL
14:00-14:15 Vascular techniques in complex tumor
14:15-15:00 Management of tumor invading venous sinus
Break
15:00-15:15 Jugular Foramen Tumor
15:15-15:30 Management of skull base paraganglioma
15:30-15:45 Pineal region tumor
15:45-16:00 Brainstem Lesions

Closing Ceremony
